

**Important Note:** You must have a Lime Cellular account activated in order to use this integration. Please contact [sales@limecellular.com](mailto:sales@limecellular.com) for details.

## Steps for installation

1. Follow the instructions after connecting with the app:

**Lime**

---

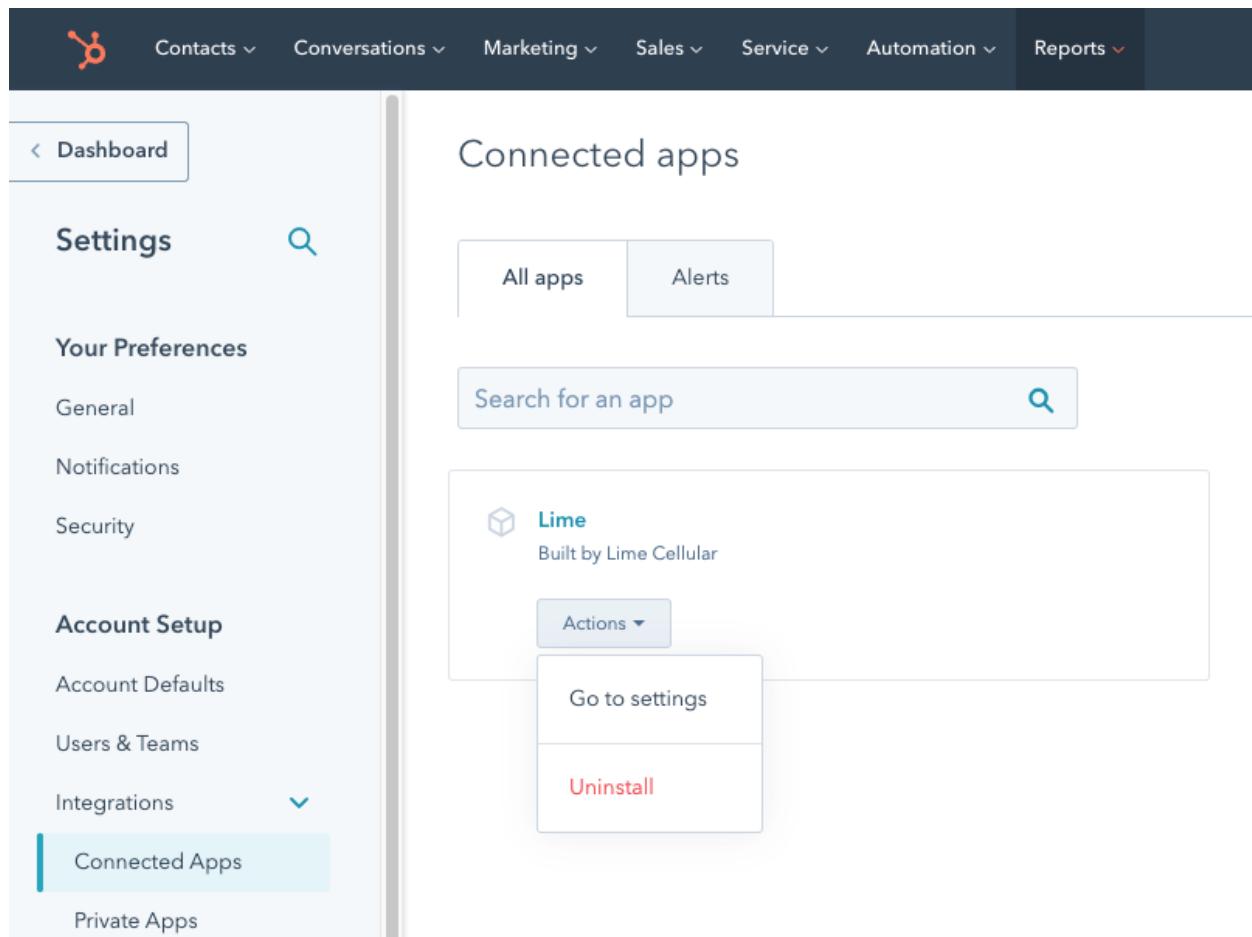

This app is requesting access to your HubSpot account. Continue connecting if you agree.

 **Manage and view your CRM data**  
View properties and other details about contacts.

 **Basic OAuth functionality**  
The basic scope required for OAuth.

**Connect app** **Cancel**

2. Check in your settings once the app is connected by going to Settings > Integrations > Connected Apps. Find the Lime app and click “Actions” then “Go to settings”:

The screenshot shows the HubSpot Settings interface. The left sidebar has a 'Settings' header and a 'Connected Apps' section highlighted with a teal bar. The main content area is titled 'Connected apps' and shows a search bar and a list of connected apps. One app, 'Lime' (Built by Lime Cellular), is listed. A context menu is open for the Lime app, showing 'Actions ▾', 'Go to settings' (which is highlighted with a teal box), and 'Uninstall'.

3. In the “Add App Id” section, click “Add”:

The screenshot shows the HubSpot Settings page for a connected app named 'Lime'. The left sidebar is titled 'Settings' and includes sections for 'Your Preferences' (General, Notifications, Security), 'Account Setup' (Account Defaults, Users & Teams), 'Integrations' (Connected Apps, Private Apps, Marketing Contacts), and 'Connected Apps' (selected). The main content area shows the 'Lime' app configuration. It includes a user profile section with a placeholder email 'yuval@limecellular.com', a 'General settings' section with a note about applying only to this app, and an 'Add App Id' section with a text input field containing 'Add app id of limecellular.com' and a blue 'Add' button.

4. Add your Lime username and App Id in the fields.

The screenshot shows a modal dialog box titled 'Add App Id' with a green header. The main content area is titled 'Enter Details' and contains two input fields: 'Username' and 'App Id', both of which have placeholder text ('[REDACTED]') in them. Below the input fields is a blue 'UPDATE' button.

Note: You can find your Lime username and App Id under your Lime dashboard. Go to your profile information. You will then see your username and the App Id. The app Id is your API Id:

## Contact Person
